DEPARTMENTS AND SUB-UNITS INCLUDED IN STATISTICS FOR
COALITION FOR NEXT GENERATION LIFE SCIENCE

Anesthesiology: Includes postdocs from: Anesthesiology-Basic Sciences; Anesthesiology-Cardiac Division; Anesthesiology-DIPT Division; Anesthesiology-Neuro Division; Anesthesiology-Pain Division; Center for Translational Pain Medicine

Biochemistry

Biology

Biomedical Engineering

Biostatistics and Bioinformatics

Cell Biology

Center for Biologically Inspired Materials

Center for Brain Imaging & Analysis

Center for Genomic and Computational Biology

Center for Human Disease Modeling

Center for Human Genome Variation

Center for Materials Genomics

Center for Study of Aging

Chemistry

Community and Family Medicine: Includes postdocs from: Duke Physician Assistant Program; Family Medicine and Community Health; Family Medicine-Research and Education

Dermatology

Duke Cancer Institute: Includes postdocs from: Duke Cancer Institute-Cancer Control and Population Sciences; Duke Cancer Institute-Director's Office; Duke Clinical Research Institute-Faculty; Duke Clinical Research Institute-Imaging Program; Duke Clinical Research Institute-Outcomes; Duke Clinical Research Institute-Center for Informing Health Decisions

Duke Clinical and Translational Science Institute

Duke Human Vaccine Institute

Duke Institute for Brain Sciences

Duke Institute for Genome Sciences and Policy

Duke Population Research Institute

Evolutionary Anthropology

Immunology

Lab Animal Resources

Lemur Center

Medicine - Cardiology

Medicine - Endocrinology and Metabolism

Medicine - Gastroenterology

Medicine - General Internal Medicine

Medicine - Hematologic Malignancies & Cell Therapy: Includes postdocs from: Medicine-Hematology

Medicine - Infectious Diseases

Medicine - Nephrology

Medicine - Oncology
Medicine - Other: Includes postdocs from: Basic Science Administration; Center for Applied Genomics & Precision Medicine; Center for Learning Health Care; Pharmacometrics; Study of Health Management

Medicine - Pulmonary

Medicine - Rheumatology and Immunology

Molecular Genetics and Microbiology

Molecular Physiology: Includes postdocs from: Sarah W. Stedman Nutrition Center

National Evolutionary Synthesis Center (NESCent)

Neurobiology: Includes postdocs from: Parkinson's Disease and Movement Disorders

Neurology Administration

Neurosurgery

Nicholas School of the Environment: Includes postdocs from: Division of Marine Science and Conservation; Earth and Ocean Sciences Division; Environmental Sciences and Policy Division

Nursing

Obstetrics and Gynecology: Includes postdocs from: Gynecology Oncology and Maternal-Fetal Medicine

Ophthalmology: Includes postdocs from: Corneal Ophthalmology; Glaucoma Ophthalmology; Retinal Ophthalmology

Orthopaedics: Includes postdocs from Department of Physical Therapy

Pathology Research

Pediatrics: Includes postdocs from: Allergy/Immunology; Blood & Marrow Transplantation; Endocrinology; Hematology and Oncology; Infectious Diseases; Medical Genetics; Neonatology; Nephrology; Neurology; Primary Care

Pharmacology & Cancer Biology

Psychiatry and Behavioral Sciences: Includes postdocs from: Addictions; Behavioral Medicine; Brain Stimulation and Neurophysiology; Child and Family Mental Health and Developmental Neuroscience; General Psychiatry; Geriatric Behavioral Health; Medical Psychology; Psychiatric Social Work; Social & Community Psychiatry; Translational Neuroscience

Psychology and Neuroscience

Radiation Oncology-Cancer Biology

Radiation Physics

Radiology - General: Includes postdocs from Chest Radiology

Surgery: Includes postdocs from: Abdominal Transplant; Advanced Oncologic and Gastrointestinal Surgery; Cardiovascular & Thoracic Surgery; Duke Center for Metabolic & Weight Loss; Division of Plastic, Maxillofacial, and Oral Surgery; Surgical Sciences; Urology
