

# IDENTITY AND CULTURAL CENTERS

## CENTER FOR MUSLIM LIFE (CML)

The CML is committed to enriching the lives of Muslim and non Muslim students, campus, and community as a whole, through events and activities that cater to spiritual, social, and intellectual needs. We provide a welcoming home to a diverse ethnic, racial and cultural Muslim community at Duke.

## CENTER FOR MULTICULTURAL AFFAIRS (CMA)

The Center for Multicultural Affairs (CMA) promotes community engagement, multicultural education, leadership development, and social justice education among the student population. We aim to empower students to create a vibrant and inclusive community.

## CENTER FOR SEXUAL AND GENDER DIVERSITY (CSGD)

The CSGD advocates for an inclusive campus climate for students, staff, faculty, and alumni with marginalized sexual orientations, gender identities, and gender expressions through education, advocacy, support, mentoring, and academic engagement, and providing space.

## DUKE INTERNATIONAL STUDENT CENTER (DISC)

The Duke International Student Center (DISC) serves Duke's international students, scholars, their families, and the broader community through advocacy, advising, educational programming, and community building.

## MARY LOU WILLIAMS CENTER FOR BLACK CULTURE

The Mary Lou Williams Center strives to foster a safe and affirming community that supports the diverse needs of Black identity people.

## JEWISH LIFE AT DUKE (JLD)

Jewish Life at Duke serves as the home for Jewish life on campus. An accredited Hillel as well as a Duke department, JLD is guided by a mission to empower Jewish students to learn and grow intellectually and spiritually; to inspire and nurture personal paths to Jewish identity; and to cultivate community.

## WOMEN'S CENTER

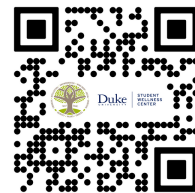

The Women's Center promotes a campus culture that centers gender equity, intersectionality, and social justice. We work to develop authentic womxn leaders, create space for activism, and encourage transformative learning experiences around issues of gender equity on Duke's campus.

# RELATED RESOURCES

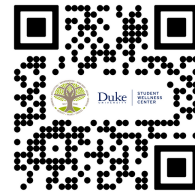

## DUKE WELLNESS (DUWELL)

DuWell helps students focus on their individual wellness by looking at the integration of many areas of their life through wellness promotion and risk mitigation. DuWell's goal is for the Duke community to be one that encourages caring for each of our members.

## COUNSELING AND PSYCHOLOGICAL SERVICES (CAPS)

CAPS helps students develop abilities to successfully live, grow, and learn both personally and academically. CAPS also provides outreach to student groups, particularly programs supportive of at-risk populations. Services include counseling, workshops, and psychiatric services.

## STUDENT INVOLVEMENT AND LEADERSHIP (SIL)

SIL helps students co-create Duke experiences that enhance their sense of belonging through meaningful programming, advising and training. We are the hub for student organizations, Duke Student Government, Duke University Union, fraternities & sororities, and leadership experiences on campus.
